

functions.h

```
graph TD; A[functions.h] --> B[structures.h]; B --> C[string];
```

The diagram illustrates a sequence of three files connected by downward-pointing arrows. The first file, 'functions.h', is in a grey box. An arrow points down to the second file, 'structures.h', which is in a white box with a black border. Another arrow points down from 'structures.h' to the third file, 'string', which is in a white box with a grey border.

structures.h
